

REGISTRATION OF SOUTH AFRICAN NATIONALS ABROAD

Please note that providing this information is voluntary. If you are not comfortable in completing some of the fields, please leave the space blank. A form should be complete for each individual.

This information will only be used for the following reasons:

- 1 In the case of emergency
- 2 To send invitations to functions at the Embassy e.g. Freedom Day
- 3 Information regarding vacant posts at the Embassy

By registering, it will assist the Mission to locate South African nationals during an emergency, verifying their status and liaising with their next-of-kin (should you have given permission for the Mission to do so).

The Mission and Head Office is obliged by South African law to ensure that any personal information received through the registration process is safeguarded against unauthorised disclosure.

The Mission will not disclose the information provided to any third parties (this includes family members and other Government entities) unless written authorisation is provided to do so. In the event that family members (or any other 3rd party) make enquiries, such requests will be forwarded to you. You may choose to inform the Mission of your decision to respond or not.

The assistance provided by the Mission is of a non-financial, informative and advisory nature, and the Mission will not be responsible for payment of legal fees, medical treatments, medical evacuations, repatriation, travelling, accommodation or any other expenses.

It would be appreciated if a copy of the passport can be attached. This will assist with verification purposes with the Department of Home Affairs in the event of an emergency. This is the only time the copy of the passport will be used - during an emergency in order to provide Consular Services.
